# The Tac-D 37mm

The most versatile launcher on the market

Basic configuration. Comes with Picatinny to Picatinny clamp.

The Tac-D easily and quickly and ruggedly attaches to any Picatinny rail equipped weapon.

With the addition of the optional stock adapter, it converts to a standalone configuration. As shown (less bipod).

Sleek wood stock equipped Tac-D is available in limited quantities.

And for LE, the Tac-D is equipped with a side folding stock and Less-Lethal Orange barrel.
